

Research Support Games Day #2: Music

The music used prior to the event and during breaks is a selection of individual pieces by Kevin MacLeod. These works are shared under a CC BY licence.

We have selected this music partly because of the licence under which it has been made available, but also because Kevin MacLeod's pieces are widely used across YouTube and Twitch, and are therefore - for George at least - often associated with gaming.

It is not possible to provide exact timestamps for all pieces in the selection, as they will be shuffled during play. The attribution list below is therefore given in alphabetical order for simplicity.

We hope that you enjoy listening to the music and recommend that you explore some of Kevin's many (and varied) other works: <https://incompetech.filmmusic.io/> and <https://incompetech.com/>
