ENHANCING FOR IMPACT

RGU'S ANNUAL LEARNING AND TEACHING CONFERENCE

Showcasing the RGU Digital Learning Standard

Senior Project Coordinator: Casey Sim

Agenda

- What is the DLS?
- Overview of the review process
- Introduction video including impacts and student feedback
- Training & resources available

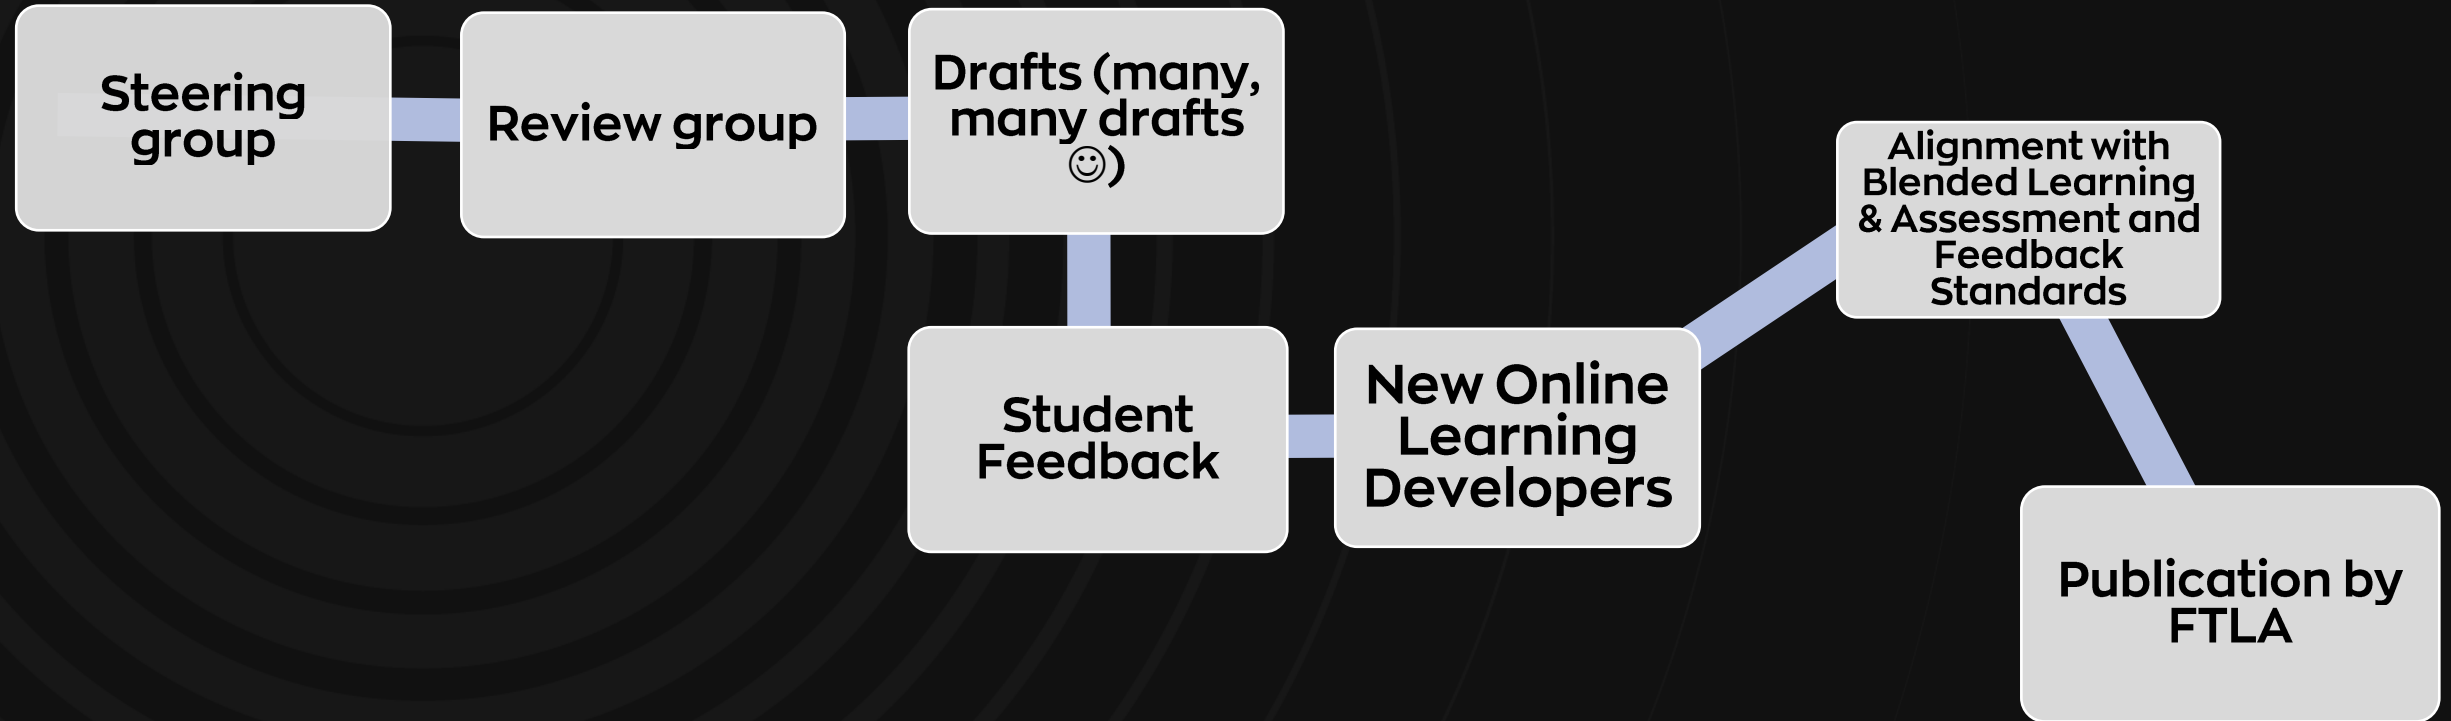

What is the Digital Learning Standard?

The purpose of the RGU Digital Learning Standard is to provide a roadmap to ensure all students learn in a consistent, cohesive, and inclusive digital learning environment, reflecting RGU's aims to provide a vibrant, equitable, and future-focused learning experience.

CampusMoodle is RGU's core delivery platform for digital learning. The Digital Learning Standard outlines a minimum standard for digital learning which every study area on CampusMoodle must meet, irrespective of mode of delivery.

The road from Online Learning Baseline to the DLS

RGU DIGITAL LEARNING STANDARD

Training & Resources

[DLS Support module](#) which includes:

- Q&A and practice sharing forum
- Portfolio of examples (linked to the specific points in the DLS)
- DLS 'Lesson' - On-demand overview of review process, how to use, impacts and resources with 3 test-your-knowledge questions (takes approx. 30 mins)
- Video playlists – short on-demand videos covering a range of topics and how-to videos
- Link to book 1-2-1 meeting about the DLS

School-specific awareness sessions being delivered throughout semester 1

Digital Learning Support

DELTA's Digital Learning team have a booking page for all things Digital Learning, which [can be accessed here](#).

It can be used by all staff to book short appointments on the variety of technologies that the team support.
