# RiCORE Introduction

Project Coordinator:  
David Gray

# RiCORE

- Risk based approach to consenting offshore renewables
- 18 month Horizon 2020 project

## Partners

## Three strands of activity

- Comparing existing regulatory regimes and consenting process in partner countries
- Promoting the uptake of a risk based approach to the consenting of offshore renewable arrays
- Promoting more standardisation in post deployment environmental impact monitoring

# Approach

- Desk based research
- 4 Expert workshops
  - **Bilbao** (Marine renewables & environmental risks – current practices in pre and post consent monitoring)
  - **Paris** (Dealing with the risk of licensing marine renewables: the role and experience of regulators)
  - **Dunkeld** (Towards findings & recommendations: combining the learning from Workshops 1 & 2)
  - **Cork** (Next steps. Risk based approach in MRE consenting process: what needs to be done?)
